Central Catholic High School STEM Building Construction Tour

When: Friday April 15, 2016 at 3 pm, Happy hour after the tour
Cost: $10 for Professionals; $5 for Students (All revenue will go toward Happy Hour)
Safety Materials Required: Hard Hat

If you have driven through Oakland lately you may have noticed Central Catholic High School is currently doing some construction on their campus. They are in the midst of constructing a new Science, Technology, Engineering, and Math (STEM) building on their campus. The Pittsburgh ASCE YMF and SEI will be co-hosting a tour of the building under construction, with a happy hour afterward at a local establishment.

Please note: Space is limited.

If you have questions please contact Louis Gualtieri (louis.gualtieri@hdrinc.com)

Registration and Payment will be handled through the Pittsburgh ASCE website:
http://www.asce-pgh.org/event-2189334

Construction as of 3/7/16
Renderings of the STEM building.
